

STERLING SCALE TM

SC-DH / DUAL HEAD BENCH PLATFORM

Optional 810 indicator in Nema 4 enclosure

Sterling's SC-DH / Dual Head bench platforms are available in platter sizes from 6" x 8" to 24" x 24" and capacities from 2 lb to 500 lb. The configuration shown is set up for grams with a capacity of 2000 grams by .2 grams. The stainless platter cover allows ease of cleaning and the dual display is ideal for 2 operators, counter applications, food processing, and lab settings. A wide variety of options and customizing is available. Both the DW800 and DW810 indicators are available as single indication.

PLEASE CONSULT STERLING OR AN AUTHORIZED DEALER FOR STANDARD AND / OR CUSTOM OPTIONS
